

# HST – Hurdles and Challenges Seminar Overview

## November 25, 2010

---

Through the wonders of technology, we are pleased to offer you our first ever live television broadcast seminar *HST: Challenges Still Ahead*, in six locations (Hamilton, Mississauga, Ottawa, North Toronto and Downtown Toronto). Experts from government, industry and the profession will discuss the new rules and challenges ahead in a lively panel format. Break-outs and questions and answer sessions will allow you to participate actively. Lunch included.

This engaging three-hour discussion will be simulcast to groups of CGAs in conference centres across Ontario on November 25, 2010. Led by panels of tax authorities and experts from the profession and government, it will provide participants with perspectives that go beyond the purely technical.

The draft program topics are as follows:

1. Implementation Issues – focusing on place of supply and point-of-sale rebate rules.
2. Recording and reporting – focusing on systems conversions and year-end issues (e.g., recovery and restricted input tax credits).
3. Business planning and strategy issues – focusing on P&L and cash flow impact as well as relevant developments in other provinces.

Participants will be offered a broad range of perspectives from different industries (retail, manufacturing, service) as well as the not-for-profit sector, government and public practitioners.

Through the services of BCN.tv, HST – Hurdles and Challenges will be broadcast into conference centres in:
